Enjoy FOREVER FREE: GPS, offline TomTom maps, POIs, route planning & free Morocco, Mozambique, Namibia, Netherlands, New Zealand, Niger, Nigeria,.. After that, I turned the unit on and all was fine and I could clearly see that an update was applied.. Selected properties and click on tools From there I selected 'Error-Checking' and only checked 'Automatically scan and fix errors for me'.. We had a hire car from Durban with a detour to Clarens and then on to Jburg and found our way without getting lost at all - or if we missed a turn it told us how to find the next turn etc.

Update your map or get a new travel map for your TomTom navigation device Drive with the latest maps so you never miss a turn.. It said it found a couple errors and corrected it I then doubled clicked the icon in the bottom right portion of my screen which looks like a USB plug with a green check mark on it.. They really should have a support bulletin for this as this is clearly a common issue.. I selected the drive and clicked stop I disconnected the usb plug and then used a small tack on the bottom of the Tomtom unit to reset the device.. One of our travelling party had preprogrammed favourites (eg our hotel in Jburg etc) into the Tom Tom before we left home and all we had to do was find the appropriate favourite.. Went to 'Computer' and right clicked the Tomtom drive (was M: for me, could be different for you) with the Red Icon. 773a7aa168 [Free Ravenloft Pdf](#)
